

The summer break at Hilscher is over and we are looking forward to this year's second half. Hilscher focused on the further development of the product portfolio and today we would like to present you the cifX PC card with rotary switch as new feature.

**Hilscher cifX RE/FB**  
**Flexible and cost effective access to all Real-Time-Ethernet and Fieldbus Systems**

Following our goals to continuously improve user-friendliness of Hilscher products, the PC cards - cifX - with PCI form factor for PROFIBUS, DeviceNet, CANopen, AS-Interface and all Ethernet-based protocols now include a rotary switch to set the card-ID (slot-number) from outside.

**cifX - PC Cards for Industrial Networks**

**NEW**  
PCI cards including  
rotary switch

**CONNECTED BY**  
**netX**

**cifX 50-FB/RE**  
available for all popular  
Fieldbus and Ethernet  
based networks

... and many more  
form factors  
in stock

**cifX 104**  
PC/104 with ISA or PCI Bus

**cifX 50-2DP**  
PCI: 2-Chanal PROFIBUS

**cifX 90**  
Mini PCI

Wide variety of  
protocols and  
form factors  
available:

AS CC-Link CANopen CompoNet DeviceNet EtherCAT EtherNet/IP POWERLINK Modbus SERCOS interface **hilscher**  
COMPETENCE IN  
COMMUNICATION

### Highlights

- **Easy and reliable assignment in the system** with external setting of the card-ID (rotary-switch)
- **Fast replacement in case of failure** by taking over existing configuration with same card-ID
- **More value for customers**, Master and Slave, as well as all Real-Time-Ethernet protocols (in total: 6) supported with only one hardware
- **Universal configuration software SYCON.net** based on multi-vendor and multi-protocol FDT-technology; for Hilscher PC cards, Modules and Gateways
- **Save time** with fast start of operation. Complete software package included in scope of delivery (configuration tool, drivers, manuals)

- **Flexibility** thanks to a great variety of form factors: PCI, PClexpress, Mini PCI, Mini PClexpress, compactPCI, PCI-104, PC/104, (connector in different directions and extension cable available)
- **Certified technology:** PROFIBUS, CANopen, DeviceNet, ASinterface, PROFINET, EtherCAT, SERCOS III, EtherNet/IP, NEW: CC-LINK 2.0

We would like to inform you in advance about important events where you can meet Hilscher experts and get to see the complete Hilscher product portfolio.

09. – 12.Nov. 2010:  
Electronica 2010 in Munich, Germany (hall A6, booth 411)

09. – 13.Nov. 2010:  
IAS 2010 in Shanghai, China (hall E2, booth A073)

23. – 25.Nov. 2010:  
SPS/IPC/Drives in Nuremberg, Germany (hall A6, booth 120)
