

Dear Mr. Doe,

The Hannover Fair 2011 ended recently and Hilscher draws a positive conclusion of this year's HMI presence.

As a solution provider for industrial communication technology, we were able to give detailed advice to our booth visitors how to eliminate connection barriers in Fieldbus or Real-Time-Ethernet systems.

Especially the exhibition highlights which were announced in the previous Hilscher newsletter were in strong demand:

- netJACK: exchangeable module for embedded designs ([Datasheet as PDF](#))
- netHMI: Terminal with visualization and soft PLC (Datasheet available soon)

The Hilscher customer center is available for questions regarding the current product portfolio as well as information on availability of new products via phone +49 (0) 6190 9907-90 or by e-mail sales@hilscher.com

Happy Easter wishes,
Hilscher Gesellschaft für Systemautomation mbH
